

MAY 2012

WELCOME

*To the 2nd Take Aim Safaris
newsletter for 2012!*

Dear Hunting Friends

I hope that you are well and that you all have a good hunting season planned. If you have any questions about hunting in South Africa or Zimbabwe with Take Aim Safaris please contact me and I will be happy to assist you with your hunt enquiry.

This newsletter focuses on a recent hunt done in April 2012 by long standing clients of Take Aim Safaris in the Nyakasanga area of Northern Zimbabwe along the Zambezi River being the border between Zimbabwe and Zambia, the Zambezi Valley is well known by big game hunters to be amongst the best places to hunt in Africa. This is a beautiful hunting area with big herds of buffalo and elephant also lion, crocodile and hippo are plentiful in the area and the tiger fishing is superb last year we shot a very big male lion in the area also 2 buffalo and 2 hippo plus and elephant bull on that hunt this year's hunt was just as good.

This was a 12 day hunt with 10 full hunting days the 2 hunters had the hunt of a lifetime shooting some really great trophies including 3 'dagga boy' buffalo bulls, 2 hippo's, 1 elephant bull, 1 sable and 2 spotted hynenas that were shot at night on bait. During the hunt the hunters saw a leopard, also a pride of 15 lions and many buffalo and elephant plus lots of plains game, also hippo and crocodile that are always plentiful in the Zambezi River. Attached to this email are some pictures from the hunt and details of a buffalo special offer in the Kruger district of South Africa.
