

## Dagga Boy Season

### Dear Hunting Friends

This edition of the Take Aim Safaris newsletter focuses on the these 5 Dagga Boy Cape Buffalo that were all hunted since my last newsletter and also these two lionesses, one shot in Zimbabwe and one shot South Africa both are 100% wild lion.

All these trophies were hunted by repeat clients with TAS except for one of the buffalo that was hunted by a new client, buffalo number 1 and 2 were hunted in Zimbabwe in Nyakasanga and in Chirisa. Lioness number 1 was also hunted in Nyakasanga by long time client Ray who has now booked more than 10 hunts with TAS proving that we deliver results and meet our client expectations.

Buffalo number 3, 4 and 5 were all hunted in South Africa in the Hoedspruit Kruger district by clients from Holland, in addition to these Dagga boys they also got a lioness, two spotted hyena, a porcupine and some great plains game. Both of these clients have hunted with TAS before that time in Zimbabwe both clients loved the hunt in SA and were very happy.

If you are considering a buffalo hunt please remember that I am still running my special offer of 10.000 USD for a one week buffalo hunt in Zimbabwe including your day fees and the trophy fee this is the best priced buffalo hunt I know of anywhere in Africa.

I cannot hold this price for 2013 season I have run this price for two years now and have booked many great buffalo hunts at this price however my partners in Zimbabwe are increasing prices, next year this hunt will cost 11.000 USD. I do have 2012 quota available for buffalo hunts & most other big game species please email me for a quote.

Up next for this year we have two leopard hunts and two elephant hunts, a tuskless and a 30lbs elephant bull hunt, two of these hunts in SA and two in Zimbabwe. I hope you have enjoyed this edition and these great dagga boys if so please forward this email to your hunting friends.

Hunters best wishes.

Carl Knight
