

A view from the top

As the Take Aim Safaris hunting season closes for 2012 I am sending you my last newsletter for the year also attached is our 2013 pricelist thank you to all the clients that hunted with us this year and previous years we look forward to having you back and thank you to all you hunters who read my newsletter I hope to see you all soon.

Since my last newsletter clients from Germany and Holland hunted with Take Aim safaris in South Africa and in Zimbabwe we had great hunts to close the season with 2 very fine leopards being hunted by deserving clients and also a tuskless elephant and an elephant bull in the 30 lbs range. I attach a picture of the blind that we shot one of the leopards from, the tom cat came in at 6 pm in broad daylight he was so impressed with the zebra meat he fed on the night before that he came back in early. We had been preparing to sit the whole night in the blind if need be but by 18.30 it was all over Malte you lucky guy.

During August 2012 myself and 2 friends climbed Mt Kilimanjaro in Tanzania I can honestly say that it was a great experience with all 3 of us making it to the top I would recommend this climb goes on your bucket list.

Again a big thanks to you all and look forward to seeing you either at Huntex SA or Dortmund Germany 2013, then again in the African bushveld. Booth number for the Dortmund Hunting Fair : Hall 7 row E 23.

Hunters best wishes ~ Carl Knight
