## SENGWE 1 AND 2:

Sengwe 2 starts at the Sango border post (Zimbabwe/Mozambique) where the Sengwe 2 corridor begins that connects the Gonarezhou National Park and the Kruger National Park forming the Transfrontier National Park, this is a vital channel for elephant and buffalo migration between the national parks, this corridor is within the hunting area, Sengwe 2 continues right down to the Limpopo River that is the International boundary between Zimbabwe and South Africa, this is our open and unfenced boundary with the Kruger National Park that starts at the Mozambique/RSA/Zim border and extends back into our Sengwe 1 boundary starting point at the Buby River that flows into the Limpopo River. Sengwe 1 and 2 merge halfway between the Buby River and Crooks corner boundary along the Limpopo River.
