

ARNHEM LAND

BUFFALO HUNTING IN ARNHEM LAND, NORTHERN TERRITORY

We offer one-week packages, which include fully guided 5-day hunts in the Aboriginal Reserve of Central Arnhem Land Plateau Upper Mann River in the Northern Territory of Australia.

Days 1 and 7 are for travelling to and from our bush lodge. For larger groups, we recommend additional hunting days so that all hunters can comfortably harvest their selection of animals. Bowhunters and non-hunting observers are most welcome.

The animals we have available are large numbers of water buffalo and wild oxen, with wild boars at a minimum.

You will explore many billabong and river systems, beautiful scenic areas with an abundance of native bird life and awe-inspiring panoramic views from the escarpments overlooking kilometers of breathtaking scenery where you will see multitudes of buffalo.

Your safari is conducted in 4x4 hunting vehicles driving off the beaten track through semi-woodland areas. Once we reach a specific location, we continue our hunt with a leisurely walk amongst the scenic valleys, spring systems, soaks, small creeks, and tributaries of the Upper Mann River.

You would be staying in a comfortable, fully equipped bush lodge with a generator that provides electricity 24 hours a day and all linen is supplied.

Alternatively, we can pick you up from your hotel in Darwin early (5.00am) on the first day and it would be a 10 – 12 hour drive to base camp in air conditioned Land cruisers, with the return journey leaving camp mid-morning and arriving at your hotel in Darwin no later than 10.00 pm on the last day of your tour.
