

HUNT IN BOTSWANA

2026

CT-27 Botswana

HUNTING CONCESSION

The CT-27 Hunting Concession is the largest hunting area in Botswana, covering over two million two hundred thousand hectares (more than five million four hundred thousand acres) in the country's eastern region within the renowned Tuli Block. CT-27 is defined by a diverse landscape of mopane woodlands and open savannah, with permanent and seasonal water pools that support high elephant densities as well as a healthy population of plains game and leopard. The Shashe River forms a natural wildlife corridor, contributing to excellent game movement throughout the concession. We hold a 15-year exclusive hunting agreement for CT-27, commencing with the 2027 hunting season.

We also offer hunting at Lotsane Safaris, a privately owned hunting ranch in the Tuli Block of Botswana.

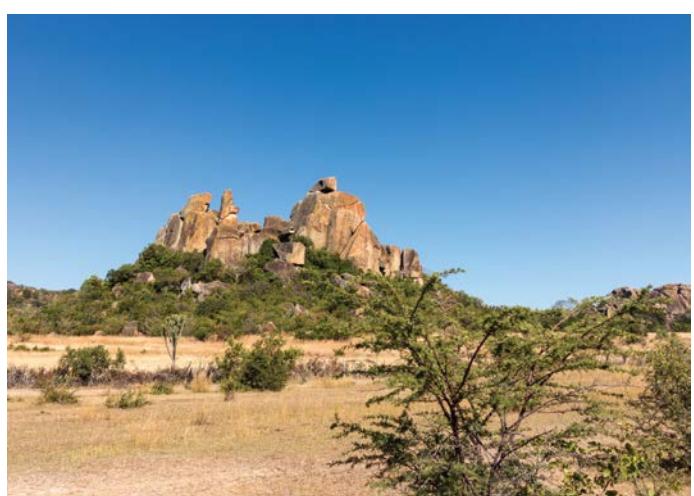

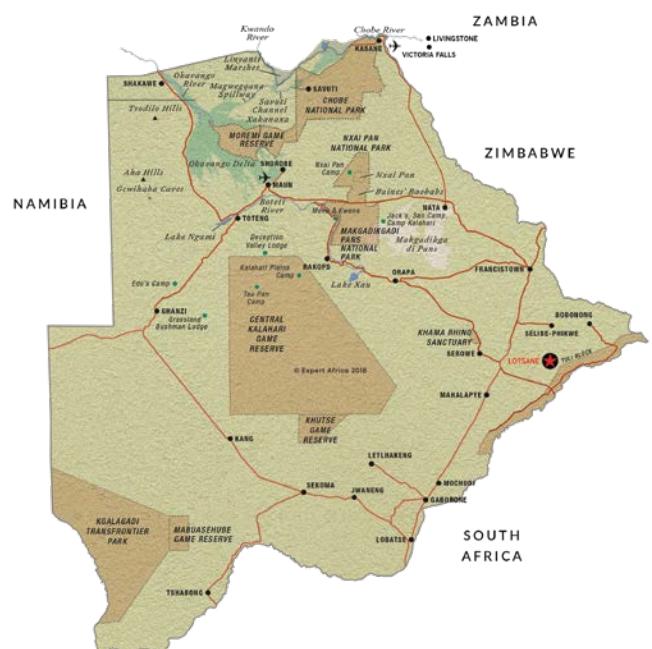

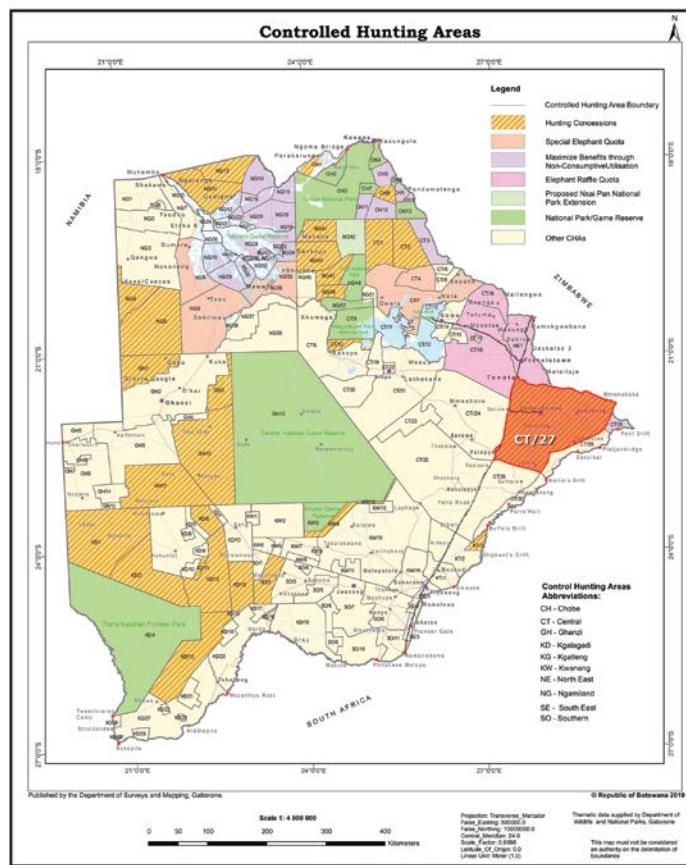

CT-27 Hunting Season: 1 April – 31 October annually.

Lotsane Safaris Private Game Ranch: Hunting available year-round.

On a personal note, I must add that in all my career hunting Southern Africa I have never hunted a more beautiful area than CT-27, the mountains, rivers, valleys are exceptional even beyond belief, truly the best topography I have ever seen in my extensive hunting career.

For those that like to work out boundaries, here are the CT-27 boundaries:

CT-27 lies from Tonota (next to the A1 to Francistown) all the way down the Shashe River (Zimbabwe border) to the Backline behind Mashatu going to Sherwood and from there to Palapye.

CT27 PRICE LIST 2027

Gonarezhou Safari Areas

IN SOUTH EASTERN ZIMBABWE

The Gonarezhou Safari areas are hunting areas that are open/un fenced areas adjoined to the Gonarezhou National or the Kruger National Park or the Mozambique National Park, these are massive areas made up of different concessions that form part of the collective Gonarezhou Hunting concessions, the ones that TAS offers are as follows from North to South.

When you hunt the Gonarezhou you are primarily hunting for trophy Elephant bulls in the +70 pound per tusk weight range and also for dagga boy Buffalos that are 12 years old and older. In addition to Elephants and Buffalo, we have Hippo, Crocodile and Leopard on quota. Our Leopard hunts are amongst the best in Africa, come and hunt with us Bwana. Not many trophy Elephant bull areas also offer the possibility of Buffalo, Leopard, Hippo and Crocodile on the same hunt.

The Gonarezhou National Park (GNP) is situated in the South Eastern corner of Zimbabwe, the GNP is open and unfenced to the Kruger National Park (KNP) and also open and unfenced to the Mozambique National Park (MNP) these National Parks are collectively known as the TransFrontier National Park. Wild animals roam freely between these National Parks, the Gonarezhou safari areas/hunting areas are adjoined directly to these national parks, there is no fence between the parks and the hunting areas, the gene pool that exists in these National Parks, especially for Elephant and Buffalo is the best in Southern Africa.

NAIVAISHA AND MAHENYE

Naivaisha Safari Area is a community owned safari/hunting area that is operated by a Zimbabwean Safari Operator on a community sharing program, there are no people living in Naivaisha that shares a 33 kilometre un-fenced open boundary with the Gonarezhou National Park, the concession including the adjoined Chibedziva hot spots is around 100.000 hectares. Naivaisha is amongst the best leopard areas in Zimbabwe, is perfect for buffalo, very good for trophy elephant bulls, sable, lion and plain game all found in good numbers in this beautiful, well run concession. A big plus for cat hunters is that night hunting of nocturnal species is permitted in Naivaisha. Hippo and croc are available nearby.

The central Gonarezhou National Park hunting area Naivaisha is adjoined to the Gonarezhou National Park on the parks Western Boundary by a 33 kilometre boundary road that ends just short of the railway that dissects the bottom portion of the Gonarezhou NP, the Safari area includes portions of Chicomedzi and Gonacudzingwa.
