CT-27

BOTSWANA HUNTING CONCESSION

The CT-27 Hunting Concession is the largest hunting area in Botswana, covering over two million two hundred thousand hectares (more than five million four hundred thousand acres) in the country's eastern region within the renowned Tuli Block.

CT-27 is defined by a diverse landscape of mopane woodlands and open savannah, with permanent and seasonal water pools that support high elephant densities as well as a healthy population of plains game and leopard. The Shashe River forms a natural wildlife corridor, contributing to excellent game movement throughout the concession.

EXCLUSIVE MANAGEMENT

We hold a 15-year hunting agreement for CT-27, commencing with the 2027 hunting season. As part of a long-term conservation and development commitment, we will begin constructing a permanent safari camp in 2026, along with drilling boreholes and establishing water pans to enhance water availability for elephants and other wildlife.

CT-27 Hunting Season: 1 April – 31 October annually.
Lotsane Safaris Private Game Ranch: Hunting available year-round.
